

**Saturday,
November 28, 2026**

**Parade begins
at 6:00PM**

**Road closures
approximately
5:30 PM – 7:30 PM**

**Route:
CCSD facility to
Gage / 2nd Street
via Elk Grove Blvd**

About the Parade

For many years, the Holiday Parade of Lights has wanted to move back to Old Town Elk Grove as a part of the Dickens Fair on the Saturday after Thanksgiving. With close coordination with the Elk Grove Police Department, the parade has been moved to Elk Grove Blvd as shown below. It will run from the CSD facility to Gage/2nd Street starting at 6pm on November 28, 2026.

For more information call Lynden at 208-8095 or Jack at 240-9302
To join the parade, register at ElkGroveLionsFoundation.org/parade/

Community Partnership

The Elk Grove Lions Club, the current organizer for this parade, has been working closely with the City of Elk Grove as well as the City Police Department to mitigate access challenges for the businesses during the closure which should last from 5:30 to 7:30pm.

Business Access

Most of the businesses that are usually open after 5pm, can still receive their customers using alternate routes, such as Sierra Street to 3rd or 2nd street on the north side of Elk Grove Blvd, or by way of Emerald Park, Walnut, Grove, Gage and Eva on the south side of Elk Grove Blvd. There is also the possibility for some customers to park at the recently closed library to reach businesses from northbound Elk Grove-Florin Road south of the closure at Elk Grove Blvd.

Helpful Planning

Although we cannot mitigate all of the problems associated with road closures, we do hope that the affected businesses will be able to post signs in their front windows to provide alternate points of entry during the 2 weeks prior to Thanksgiving, so that your customers can enjoy your services on the evening of November 28th.

Before & After the Parade

We hope businesses along the parade route can capture the energy and opportunity of the crowds coming out to enjoy the parade. By welcoming parade-goers before and after the event, businesses can connect with new customers and make the most of this festive evening in Old Town Elk Grove.
